

# STANDARD 128s/64s

## MORE PLANTS/LESS INPUT COSTS

These high density liners reduce your shipping cost by 30%. You get more plant material per tray than any other liner available, yet they finish in the same time as our 82s. As with our 82s, you get two free plants with every 128 tray for extra savings. Plus, you have the option to split a full 128 tray into a 64 half tray which gives you more variety options at the same value.

- Lower cost input means lower plant cost
- Little or no additional crop time
- 30% cost savings on freight with more plants per tray and box
- Roots easily for basket production
- Option of ordering half trays of 64 liners to build a deeper product mix
- 2 free plants with every 128 tray; 1 free plant with every 64 tray
- Includes the top sellers in our variety list
