

SHIPPING

Optimization

Fresh for the 2021-22 season, we've revamped our shipping procedures so they're easier to understand, more cost effective for you, and better for the plants. Just tell us when you want your order, and we'll get it to you in the best condition, at the best rate possible.

Plus, our new Smart Ship Weeks offer 25% freight savings during the weeks you need them most. And you can order as few as 30 liner trays and still get safe, palletized shipment delivered on a truck. That way, your product arrives at your greenhouse in the same condition it was packed. Most importantly, they'll arrive right-side-up. Take a look below, and let's start shipping!
